How do we get there?

There are a number of flights to St. Kitts (airport code SKB), at VERY affordable prices. For example: Direct United flight from Newark \$837; Delta from Newark with connection \$650; American direct from JFK \$742; Delta direct from JFK: \$837

Just an FYI.... airfare is all based on space on the plane. The first 10-20 seats are at one price, and then when those sell out, the airlines bump up the price \$30-\$40 per ticket until the next group of seats sell out, and so on, until the flight is full.
